Our Friends

And Our Aims Of This A Year To Remember

Bethel Seniors spent much time and energy investigating the requirements and opportunities of different colleges and institutions. A general poll of the class indicates that a number of the boys is considering military service. Approximately one-third of the class attended College Day at Waynesville High School in early September. Several Seniors have chosen a nursing career and will train at Winston Salem Baptist School of Nursing.

IN MEMORIAM

Principal - Charles Crawford Poindexter

His sudden death on Christmas Eve was a shocking tragedy to Bethel School District, and Western North Carolina. The sixty years of his life were spent in daily and sincere service to his ideals of educational, athletic and civic work. He was widely a cclaimed as one devoted to the welfare of youth and gave generously of his time and energy to that cause. Through the conscientious efforts of Mr. Poindexter, our school made advances in educational and social development never before achieved. His love for building youth will ever remain a memorial to his name.

1959 CLASS HISTORY

We the class of 1959 have accumulated experiences at Bethel School which shall ever remain a vital part of our lives.

As we think back over our years at Bethel, we recall our elementary years in what now is our old High School Building. There amid crowded rooms, we eagerly awaited completion of construction of the New Elementary Building. Then finally near midterm of our eighth grade year we happily moved into the 7-8th grade wing of the \$600,000 new building. All too soon came May 28,1954 when we received report cards promoting us to Bethel High School.

In high school we became adjusted to new friends, changing class schedules, and harder subjects. We soon held class meetings and participated in activities which brought us to feel quite grown up.

From runty freshmen, we quickly became wise sophomores. Our classes, fine athletic teams, band, and other activities combined to make this a wonderful year.

The highlights of our junior year were our junior plays, and the Junior-Senior Banquet, "Fairyland and Romance." Amid our good times and high moments, we often found ourselves remembering that we had only one more year at Bethel. Class ring measurements and calling card orders caused us to feel that the big year of our school lives was just around the corner of summer.

August 26, 1958 began the last, the best of the years never to be forgotten. Senior homerooms buzzed with giddy, serious seniors. Everyone was trying to arrange his schedule so to get the needed subjects and still have time for fun. We pondered such questions as "Which college?", "Which branch of service?", "Shall I say 'yes' or 'no'?." There came Senior Day at Champion, annual work, "Eyes of Love", plans for the banquet, school trip to Washington, D.C., and attempts to learn as much as possible this last year. All too soon, the long awaited time of graduation is arriving. With an intermingling of joy, hope, and regret we shall don our caps and gowns to march down the aisles to that cherished diploma. That certificate of graduation will represent to us twelve years of public school study, plus twelve years of happy memories, constructive guidance, and lasting friendships. Throughout the coming years we shall remember with affection-

Bethel the beautiful, Bethel the best.

SENIOR ADVISORS

The memory of our friendships will remain with me forever.

LOOKING AHEAD

We the underclassmen of Bethel High School are looking ahead to coming graduations. Yet for the time being, such items as theme writing, history assignments, and algebraic formulas seem to require most of our time. We have experienced the thrill of accomplishment resulting from serious efforts. We have learned, sometimes the hard way, that "All play and no work, makes sad boys and girls" Apart from our various responsibilities, we have good times. We are proud of our friendships and the achievements of our school.

Here at Bethel we are seeing the steps by which large important projects are undertaken and completed. We have co-operated in the now completed project of equipping our new gymnasium with fold-a-way seats. We shall help work toward the lighting of our Bethel football stadium. We have had the experience of being promoted from a nice new elementary building into a condemned inadequate high school building. As this publication goes to press we are happy to note that our Parent Teacher Association, Mrs. Alex Shumolis, Jr., President, is initiating a drive which should attract public interest to the need of the school district for a new school building.

We congratulate you graduating seniors of 1959 and look forward to being able to step into your places. Yet for now, we who are "green but growing" shall give to you our best wishes and happily await the date when we shall join you as graduates of Bethel High.

"No one steps on a live wire" -- hence the activity program at Bethel is intended to permit every student to become a live wire in some activity of his interest.

Each Tuesday and Thursday from 10:40 to 11:30 various types of club programs are offered. The activity periods on Monday and Wednesday are used for home room guidance or special study. During the school year each home room is responsible for an assembly program.

Other activities which attract much interest include Homecoming, Western Carolina Field trips, Travel Club tours, May Day and Science Fair.
